OBJECTIVE

Highly motivated Final-year Computer Science Engineering student with a strong foundation in Java, web technologies, and full-stack development. Skilled in developing responsive applications and applying problem-solving skills to real-world challenges. Seeking an entry-level software development role to contribute to innovative projects, strengthen technical expertise, and grow within a collaborative team.

EDUCATION

B.Tech in Computer Science Engineering, Mallareddy Engineering College for Women **2023 – 2027**
Hyderabad, Telangana, India *CGPA: 8.81/10*

Intermediate (MPC), NGJC College **2021 – 2023**
Hyderabad, Telangana, India *Percentage: 89.3%*

SSC, ZPHS Bachupally **2021**
Hyderabad, Telangana, India *Percentage: 100%*

SKILLS

Programming Languages: Java, HTML, CSS, JavaScript, Basics of React

Databases: MySQL, Basics of MongoDB

Developer Tools: Git/GitHub, Google Colab, VS Code

Academic Coursework: Data Structures, Computer Networks, Object-Oriented Programming, DBMS, Operating Systems

EXPERIENCE

Full Stack Development Intern – Thiranex *Virtual Internship*

Completed a virtual full-stack development internship with hands-on experience in building web applications, implementing authentication, CRUD operations, REST APIs, database integration, and responsive user interfaces.

Key Projects: Personal Portfolio Website, Task Management Application, E-Commerce Web Application, and Blog Platform with Comments.

PROJECTS

VEHICLE MAINTENANCE AND MILEAGE TRACKER

A web-based vehicle management application designed to help users efficiently manage multiple vehicles, track maintenance activities, monitor fuel expenses, schedule services, and analyze mileage.

Technologies: React, Tailwind CSS, Supabase

- Built a responsive application with multi-vehicle management, enabling users to maintain vehicle records and monitor service history.
- Implemented fuel expense tracking, mileage analytics, and service reminders to support efficient vehicle performance and maintenance management.
- Integrated Supabase for authentication and database management, while using React and Tailwind CSS to create a responsive and user-friendly interface.

CERTIFICATIONS

- Cisco – JavaScript Essentials
- NPTEL – Artificial Intelligence
- NPTEL – Machine Learning

ACHIEVEMENTS

- Earned a CodeChef badge for successfully completing 250+ problems, demonstrating consistent practice in programming and technical problem-solving.
